ACTIVITY REPORT 2020

SAVEONE EUROPE

HOPE AND HEALING FOR WOMEN, MEN, AND COUPLES AFTER AN ABORTION

JANUARY 2021

SAVEONE EUROPE

ABOUT US

SaveOne Europe's mission is to guide men, women and couples who often suffer in silence from the emotional consequences of abortion through the process of healing and restoration.

The aim of this work is to provide a comprehensive coverage of networkers and course leaders in all European countries, and to release appreciative, humble and respectful people in order to build on these sound foundations and continue to grow them under the lead and direction of SaveOne Europe in Vienna.

SaveOne has now grown into a worldwide ministry. It was founded in the year 2000 by Sheila Harper in the USA and is now also available in Armenia, Australia, Canada, China, Haiti, Dominican Republic, India, Kenya, Nigeria, Uganda and Singapore as well as in fourteen European countries: Albania, Austria, Bosnia-Herzegovina, Bulgaria, Croatia, Germany, Hungary, Ireland, Macedonia, Malta, Romania, Serbia, Slovenia, and Switzerland. At our 2020 Livestream Summit, we celebrated 10 years of SaveOne in Europe and 20 years of SaveOne Global.

SaveOne Europe is also part of the "Life Conference" in Austria, which is a platform to unite representatives of various churches and Christian movements, as well as church and family policy institutions and individuals, to effectively promote and defend the comprehensive protection of human life. For more information go to *lebenskonferenz.at*

OUR MISSION IS TO REACH WOMEN AND MEN WHO SUFFER IN SILENCE FOLLOWING AND ABORTION.

WHAT WE **DO**

Many women and men suffer from shame and guilt after an abortion. Often, dealing with these feelings has become a taboo subject and so they are repressed. However, they still work in the subconscious of the person and then poison the emotions.

Our goal is to help people impacted by an abortion on their journey to physical and emotional health, to address their emotional needs and to help them to find new hope, zest for life, and future prospects in place of the negative experiences of abortion.

This is achieved by holding SaveOne small group courses using the biblical principles-based 10-step program. These courses run for a period of twelve weeks and are typically held weekly or fortnightly for two hours each.

SaveOne is a 10-step program that encourages women, men, and couples to face the past and become whole again.

Not only women are affected by abortion, so we offer SaveOne not just for women, but also for men, couples and family members.

SaveOne courses typically take place in small groups of 2 - 5 people.

WHERE WE'RE **GOING**

GOALS FOR 2021 are fourfold:

1. EQUIP LEADERS AND NETWORKERS - Equip and build up new leaders in Austria and in at least 3 new European countries and to strengthen the whole SaveOne Europe family

2. FILM - Produce and premier the film *Lass Uns Reden/Let Us Talk* and to have the first cinema showing along with a panel discussion. www.letustalk.film/en/

3. PRODUCING A MISACARRIAGE RESOURCE in English and German

4. MAKE THE RIPPLE EFFECTS AND RECOVERY PROCESS AFTER ABORTION MORE MEASURABLE through a new online, multilingual survey tool

5. TRAIN MORE MEN FOR SAVEONE

"ALTHOUGH I CARRIED THIS BURDEN FOR MYSELF FOR 29 YEARS, I WAS FREED THORUGH A COURSE THAT LASTED ABOUT 3 MONTHS."

COUNSELLING OFFERS

FOR WOMEN, MEN, COUPLES AND FAMILIES

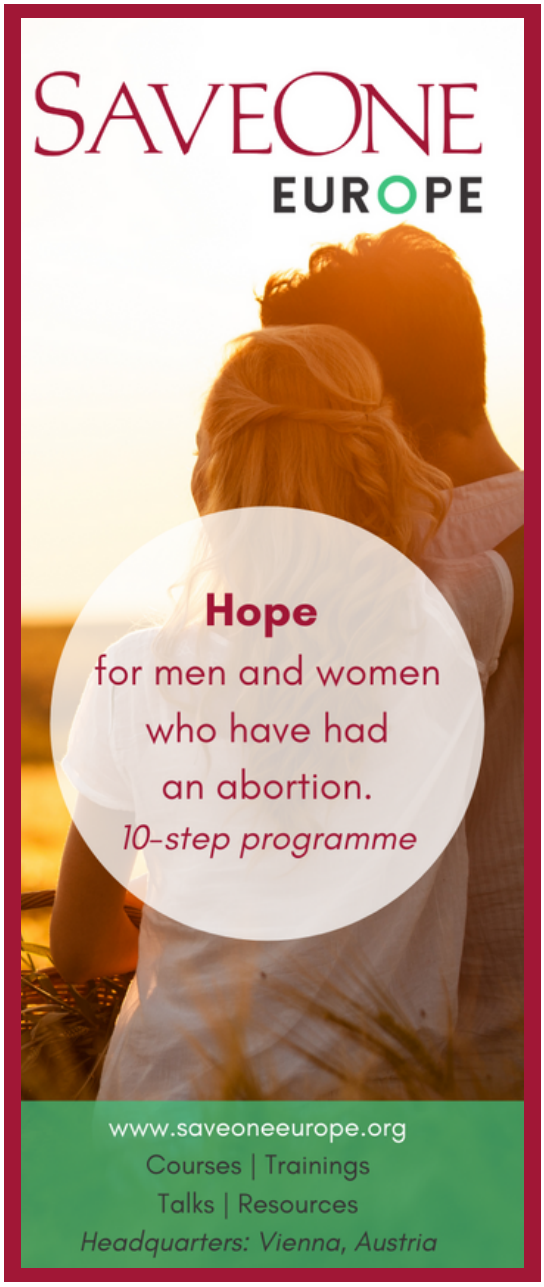
ADVICE AND SUPPORT FOLLOWING AN ABORTION AND IN CONFLICT PREGNANCY SITUATIONS

ORGANISE AND REFER
Organisation and/or referrals to psychotherapeutic care and counselling services.

HELPLINE
Telephone Advice under +43 (1) 361 66 68 1. Since 2017, SaveOne Europe has also been part of the nationwide advisory hotline "There are Alternatives".
www.es-gibt-alternativen.at

SAVEONE COURSE
Accompaniment after an abortion and processing of the experience with the 10-step program "SaveOne".

GROUP AND INDIVIDUAL COUNSELLING
Offered to persons affected directly or indirectly (their relatives) by abortion. On request, one of our counsellors can accompany you to officials and authorities, if you have to deal with residence permits, financial assistance, etc. Of course we are also happy to assist the young mothers with potentially difficult discussions with parents, the father of the child, or a boss at work.



PUBLIC RELATIONS

It is important for us to inform the general public about the possible consequences of abortion and about available support services. Through education, more unplanned pregnancies, risky procedures or unwanted consequences can be avoided.
We use different communication channels for this:

Brochures & Folders: Our flyers and folders provide information in several languages about our areas of work and consulting services. The 44-page booklet "Nach der Abtreibung" or "Post Abortion" provides detailed information on the topics of conflict pregnancy and abortion concequences as well as listing specialized contact points in different countries.

Social Media: On Facebook and Instagram we provide information about our consulting services, relevant events, current research results on the subject and more.

Newsletter: Our newsletters are sent out by post as well as electronically to all supporters, interested persons and organisations. Just let us know if you or others would like to receive them too.

Our Website: We updated our website this year! Interested parties can find out about our counseling services and the possible consequences of abortions at www.saveoneeurope.org. You can register online for our events and be informed about current and important dates and campaigns. You can also subscribe to our free newsletter on our website and order books and other materials on the subject through our webshop.

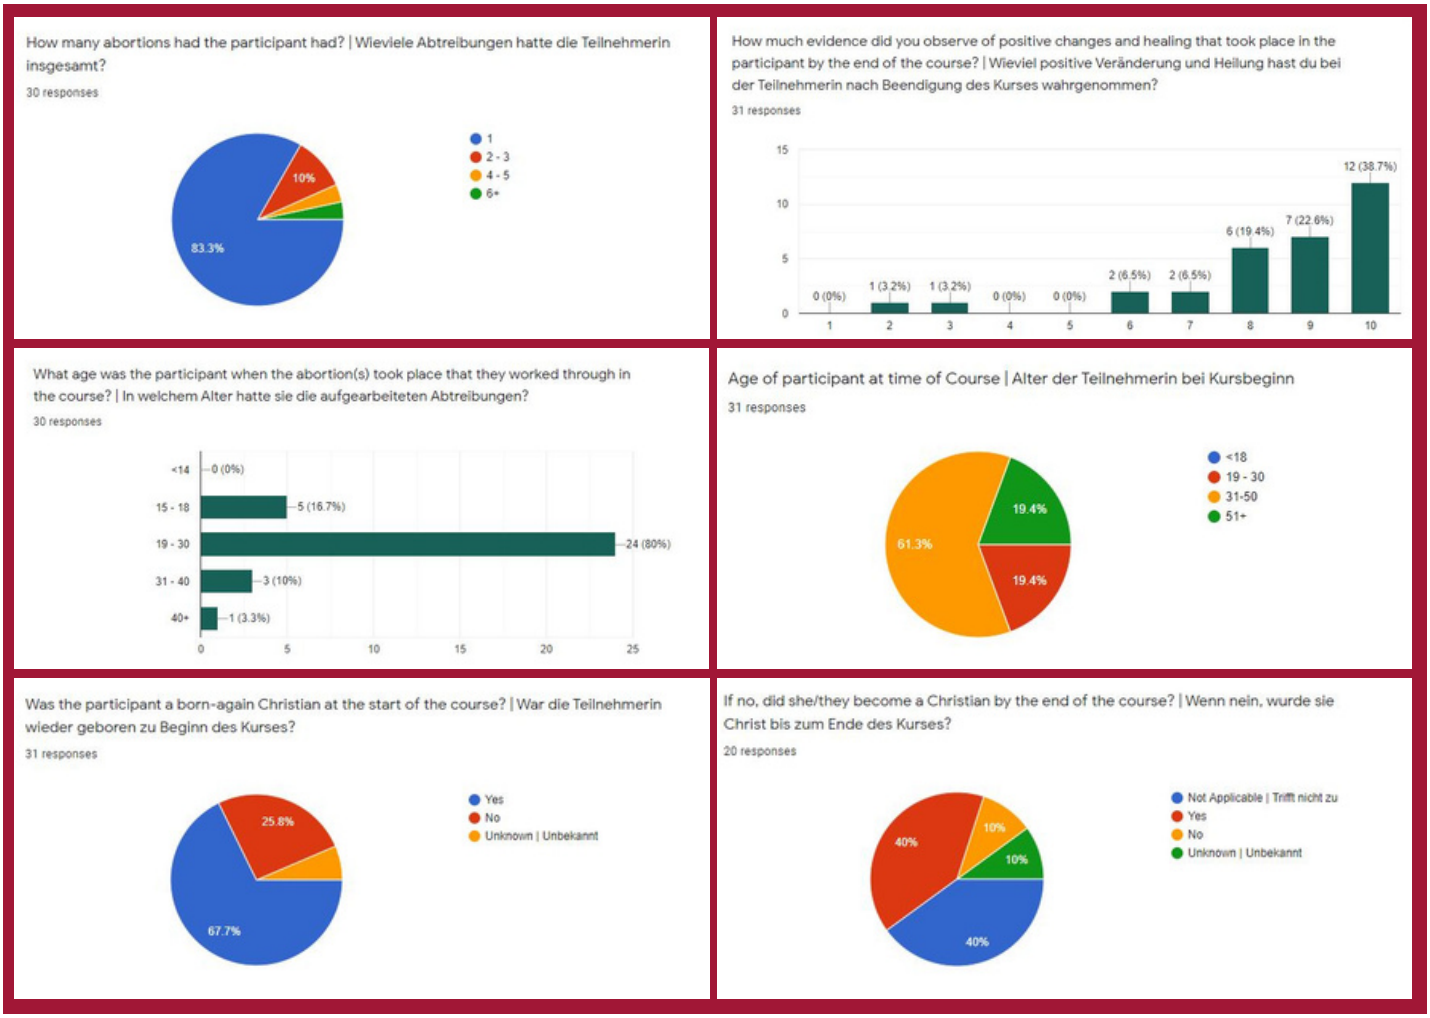
PARTICIPANT SURVEY

Starting in 2019, we requested that our SaveOne Leaders fill out an anonymous online survey questionnaire for each of their course participants (with permission). This will allow us to begin tracking data in a more precise and accurate way. We hope this will help us in evaluating our own services, providing accurate data to supporters, as well as giving insight into those impacted by abortion.

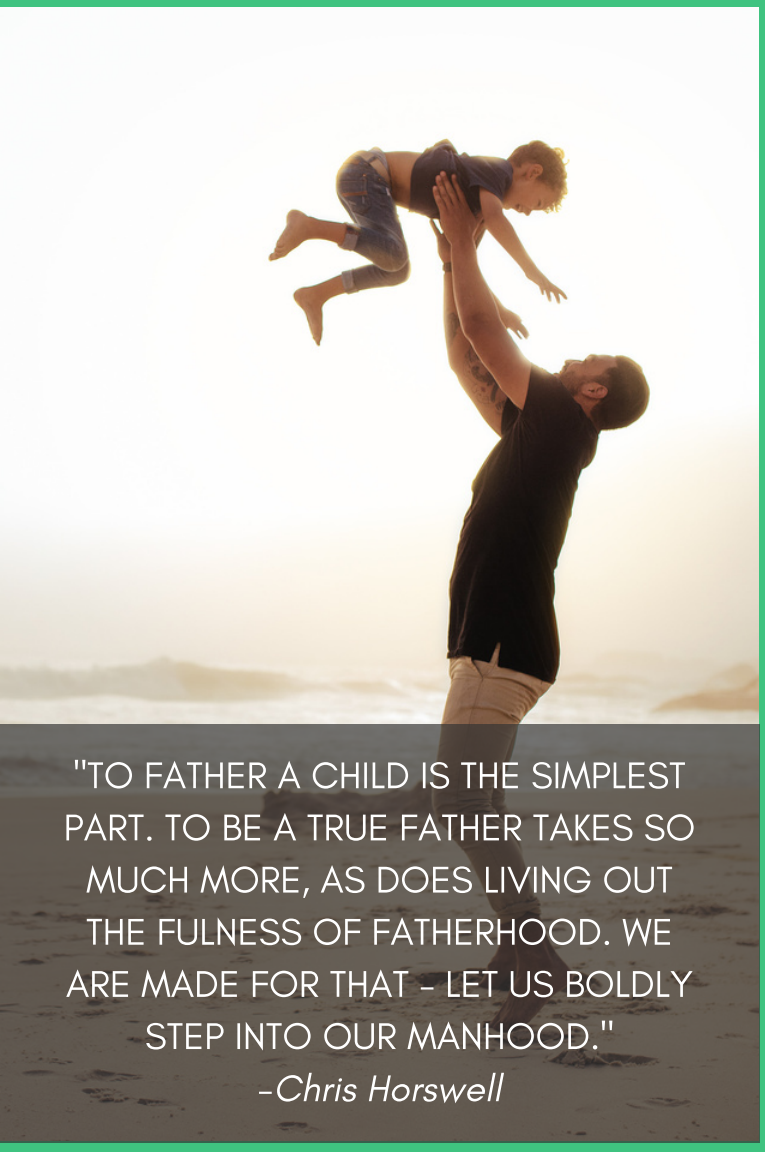
In 2021, we will be using a NEW SURVEY TOOL, which will allow us to offer a similar survey in multiple languages. This will make it possible for more SaveOne Leaders and participants throughout Europe to contribute!

Here is some of what we have collected using our first survey tool:



UPDATE **MEN'S MINISTRY**

There is growing awareness that being a true father and that fatherhood in all its fulness only begins when becoming a father. It has been so encouraging for me to see men stand up and say that they want their voices to be heard, to be able to share their numbness and loss of confidence, and to be a voice for life and for other men. This further growing involvement directly from men throughout Europe is an answer to prayer and yes, we still need more men throughout Europe to support them.



Goals for the SaveOne Men's Ministry:

- Raising awareness and expectation in individual men that they too can experience healing and restoration.
- Begin a men's support network to strengthen relationships across borders and cultures.
- Getting the issues of abortion and its consequences into open everyday discussion - Let us talk!

Despite these strange times, we have continued to expand and strengthen our networking with other organisations and individuals, which says so much about people's true heart for the protection of life. Growing public interest and debate have allowed us to further speak openly about our work.

Again I have worked mostly 'electronically' one-on-one with men across Europe as this is practical and convenient, although we do still need more local support for continuing that work.

If you want to join us or support us in this work, please contact me at chris.horswell@saveoneeurope.org

Bless you for your support again in this past year despite the challenging circumstances. This has made so much possible for us in 2020.

THAT WAS **2020**

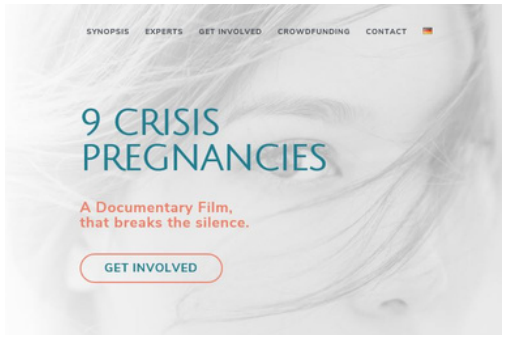
LOOKING BACK IN DETAIL

JANUARY

We started in 2020 with fundraising efforts for our **Film Project, Lass Uns Reden/Let Us talk.** This film is a 30-minute short **documentary** for the German-speaking world with English subtitles featuring **9 personal life stories** from women and men on the matter of **crisis pregnancies**, with their different outcomes, experiences, possible effects, and the processing.

FEBRUARY

In February, we made a visit to where we *thought* our location would be for our **SaveOne Europe 2020 Summit**. We also had to switch to online trainings and held a **German Training** via Zoom. Little did we know how much would change due to COVID-19! The ***Lass Uns Reden/Let Us Talk* film website** also went live this month!
www.lassunsreden.film/en/



MARCH

Chris and Sonja Horswell **visited various churches** this month to share about the ***Lass Uns Reden/Let Us Talk*** film project and held **online trainings** in German and English. We also opened up our **registration** for the **2020 SaveOne Europe Summit**.

APRIL

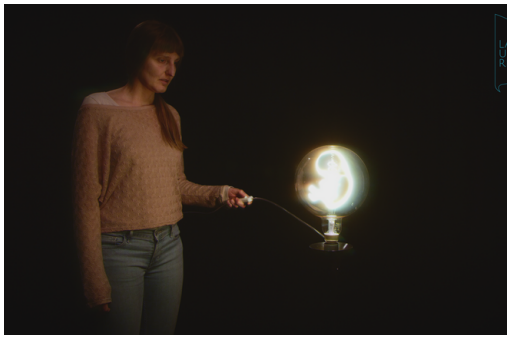
Hello Coronavirus! Along with everyone else we **switched to home office** as we entered a lockdown in Austria. However, we continued the SaveOne work as much as possible. We still had **multiple online trainings in German** and began to implement our brand **new logo**! We also had to make the decision to **postpone the filming** for the *Lass Uns Reden/Let Us Talk* documentary to April 2021 because of Covid restrictions in Vienna.

MAY

In May, we began to **meet together again** as the SaveOne Leading Team in Vienna. We also sent out a **survey for individuals who have experienced a miscarriage** in preparation for our new project - creating a **new resource** specifically for **healing after a miscarriage**. We believe this is a needed resource and that it will open other doors for the message of SaveOne. We also had an **Online Training** for Freiraum church in Germany.

JUNE

This month we released a powerful **film teaser for Lass Uns Reden/Let Us Talk**. It features a woman (Adina Wilke) clearly in turmoil over the decision to extinguish or not the light of the life of the child she carries. Sonja & Chris also joined a 3-day **fundraising training** and Sonja shared about SaveOne with Christian Professionals in Steyr, Freilassing and Gmunden.



JULY

We were blessed to receive a bit of **government funding** due to COVID-19 this month. We also held **one SaveOne training** via Zoom and decided to completely change our plans for the **SaveOne Europe Summit 2020** to a **livestream event**. An adventure was awaiting us there!

AUGUST

This month, after a long wait, the **Macedonian Translations** of the SaveOne Women's workbook were finally printed! We also continued working on another **new project - a testimony book of post abortion stories** from around the world. This will give first hand, true experiences of the pain of abortion but also the healing power of God! A men's course also started!

SEPTEMBER

With the help of **Camillo Media** and Lukas Pichler, we launched our beautiful **new SaveOne Europe website**. This goes along with a complete **new logo and brand**, including color changes and new style.

OCTOBER

October 1 - 3 we successfully held the **SaveOne Europe 2020 Livestream** event. We had participants from **19 different nations**! There were great speakers, testimonies, and times of worship. **Performance Picture Entertainment** did a fantastic job with the filming and we had several **volunteers** who translated and helped with various tasks. We are so thankful! This was also a special summit because we were **celebrating 20 years of SaveOne Global and 10 years of SaveOne Europe**. It was a wonderful time of looking back at all God has done and ahead to what we believe he will do!

NOVEMBER

We had two **online SaveOne trainings this month.** One was for several people in **Croatia** and the other for a group that is part of a resource center in **Bosnia-Herzegovina**. We look forward to seeing the fruit that comes from these trainings. We also were happy to announce two **new Networkers** for SaveOne Europe, **Anita Jovanovic**, Networker for **Croatia** and **Mila Todorovic,** Networker for **Serbia.** As Networkers they will oversee leaders, and promotion of SaveOne in their countries.

DECEMBER

This month we had our **first working group meeting** for our special new project of developing a **book to help men and women find healing after a miscarriage**. SaveOne **Women's courses** were also running in Vienna (AUT), Halsbach (GER), and Belgrade (SERB).

THE TEAM IN **AUSTRIA**

WE ARE COMMITTED TO RAISING UP HEALED WOMEN AND MEN TO BE VOICE FOR LIFE, BRINGING CLARITY AND TRUTH, WITHOUT CONDEMNATION, TO THE NATION OF AUSTRIA.

The team in Austria continues to bring the message of hope and healing after an abortion to men and women in Austria.

We are also extremely blessed to have a group of people who regularly meet together to pray over SaveOne. We are so grateful for their investment and know their prayers make a big difference for us.

Though at times we face opposition, we cannot and will not be inactive in our own nation. We will continue to inform, encourage, share, reach out, include, accompany and bring people into a new place of healing, recovery and freedom. Thank you Jesus!

THE TEAM IN **EUROPE**

EACH SAVEONE EUROPE PARTNER FAITHFULLY CARRIES THE MESSAGE OF HOPE AND RESTORATION AFTER AN ABORTION THROUGH JESUS CHRIST TO THEIR NATION!

We are so **honored to partner** with such dedicated individuals and organizations. People whose **hearts are moved** by the plight of their own nations and are standing up to take steps to bring about change! Despite the many challenges, **they do not give up** and continue moving forward. They are a true inspiration!

This year we appointed two new **SaveOne Networkers - Anita Jovanovic** for **Croatia** and **Mila Todorovic** for **Serbia.** As Networkers, they will oversee all the SaveOne chapters in their respective nations and are being equipped to train and further SaveOne.

We will continue to **promote, finance and create new kickstart initiatives** wherever we can and are so thankful for the generosity of our supporters.

IT IS OUR GREAT HONOR AND PLEASURE TO PARTNER WITH GOD'S HEART AS WE FURTHER THE MESSAGE OF SAVEONE

We have our European office centre in Vienna, Austria. From the offices here we **support those offering SaveOne courses** and provide any resources needed wherever possible.
We raise funds, publish and distribute materials, as well as deal with your inquiries by phone, post and email. We work with the **national Pregnancy Crisis Support Hotline** here in Austria and have a separate support telephone to help those referred to us.
We spent a great deal of time this year planning the **SaveOne 2020 Summit**, which was a great success, despite having to switch to a Livestream event.
In March, **Sonja Smutny**, a long time SaveOne leader, also stepped in to do our bookkeeping. We are thankful!
New and upcoming projects for 2021 include completing the **Lass Uns Reden/Let Us Talk film project**, creating a new **miscarriage specific workbook**, and compiling a **book of SaveOne testimonies** from around the globe.
