SAVEONE
EUROPE

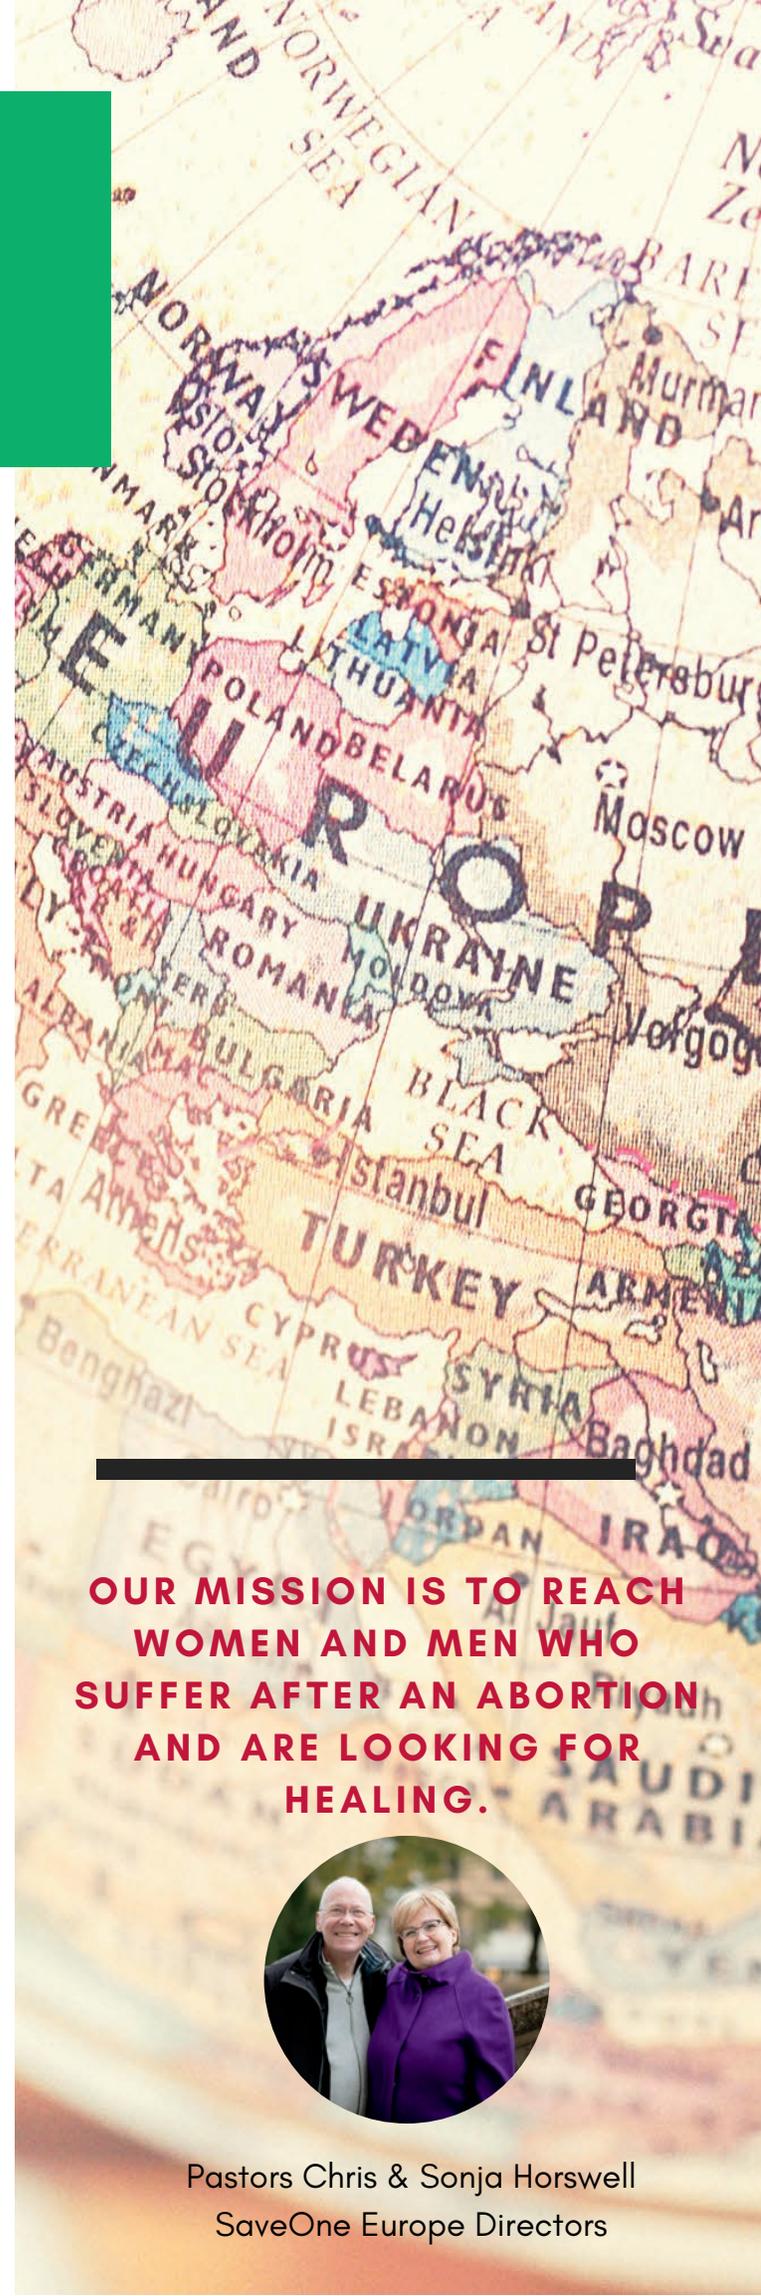

ABOUT US

SaveOne Europe teaches and believes in the sanctity of human life. Nevertheless millions of babies get aborted each year and there is still great need. Our mission is to guide men, women and couples who often suffer in silence from the emotional consequences of abortion through the process of healing and restoration through the word of God and the leading of the Holy Spirit. **Sonja and Chris Horswell SaveOne Europe Directors and Pastors**, are the leading couple to pioneer, to direct and expand the ministry work in Europe. www.saveoneeurope.org/en

The aim of this donation based association is to raise up a comprehensive coverage of networkers and recovery course leaders in all European countries who are trained, empowered and full of faith to help those suffering after an abortion to fully recover. (Isaiah 61)

SaveOne has now grown into a **worldwide** ministry. It was founded in the year 2000 by **Sheila Harper in the USA** and is now also available in Armenia, Australia, Canada, China, Haiti, Dominican Republic, India, Kenya, Liberia, Nigeria, Uganda, Singapore, South Africa **as well as in 15 European countries**: Albania, Austria, Bosnia-Herzegovina, Croatia, Germany, Hungary, Ireland, Macedonia, Malta, Switzerland, Romania, Serbia, Slovenia, Ukraine and Great Britain.

SAVEONE GLOBAL

Sheila Harper

SaveOne Global's Founder and President

Sheila has a personal story of healing after an abortion. In 2000, she began the ministry. God gave her the first book to write, *SaveOne - A Guide to Emotional Healing after Abortion*. Shortly after He led her to write *SaveOne - The Men's Study*. Then came *SaveOne - The Ripple Effect* for friends and loved ones who grieve an abortion close to them.

Jack Harper

SaveOne Global's Vice-President and Men's Director

Jack has fought in this battle for the unborn since the inception of SaveOne in 2000. Jack has supported SaveOne as a board member, a liaison to the global church, a travel partner, and through financial support. In 2018 God very clearly spoke to Jack and Sheila about coming together and Jack joining in full time ministry on the staff of Saveone.

THERE ARE NOW OVER 400 CHAPTERS (PREGNANCY CENTERS AND CHURCHES TEACHING OUR STUDIES) IN 26 COUNTRIES.

SaveOne Global's headquarters are located in the USA.

OUR FOCUS AND CORE COMPETENCIES

Many, many women and men suffer from inner stress, shame, depression, nightmares, relationship difficulties, suicidal thoughts, or feelings of guilt after an abortion. This is referred to as **Post-Traumatic Stress Disorder (PTSD)**.

These emotions are often suppressed and treated as taboo. Yet they continue to work in the subconscious and poison one's emotions.

There is no abortion without consequences afterward – even though this is often claimed in public discourse. It always leaves traces. These traces surface sooner or later.

When we do not honour the divine design of our Father in heaven for family, marriage, and His creation as revealed in the Word of God, and instead choose our own paths, the result is suffering, separation, and brokenness on many levels. God calls this missteps or sin.

Protecting unborn children from the moment of conception in the mother's womb is a fundamental command of our Father in heaven. These foundational values – appreciating and protecting life from the very beginning – must once again return to the core of our society. The family is a precious treasure within our culture.

Jeremiah 1:5 The Lord said to Jeremiah: "I knew you before I formed you in your mother's womb, and before you were born I set you apart..." Also see **Psalms 139:13-16 and Genesis 2:7**.

For all those who have had an abortion, there is help available for you. We work with the ten-step program (SaveOne Workbook), built on biblical principles, to support you on your journey of healing and forgiveness.

Training Days for new leaders throughout Europe

The flyer for 'SAVEONE TRAININGS' features a purple and white color scheme. It includes the following text: 'New SaveOne Leaders Trainings via Zoom', 'TIME: Saturdays 10 AM - 3 PM', 'DATES: 7th February 2026, 21st March 2026, 18th April 2026, 20th June 2026', 'PRICE: EURO 60,-', 'Registration: office@saveoneeurope.org, www.saveoneeurope.org/en!', and the 'SAVEONE EUROPE' logo. A circular photo of two people, Chris and Sonja Horswell, is also present.

Our training leaders provide instruction online via Zoom or in person in group settings, equipping capable, born again Christians – both younger and older – to effectively lead SaveOne healing courses online or face-to-face.

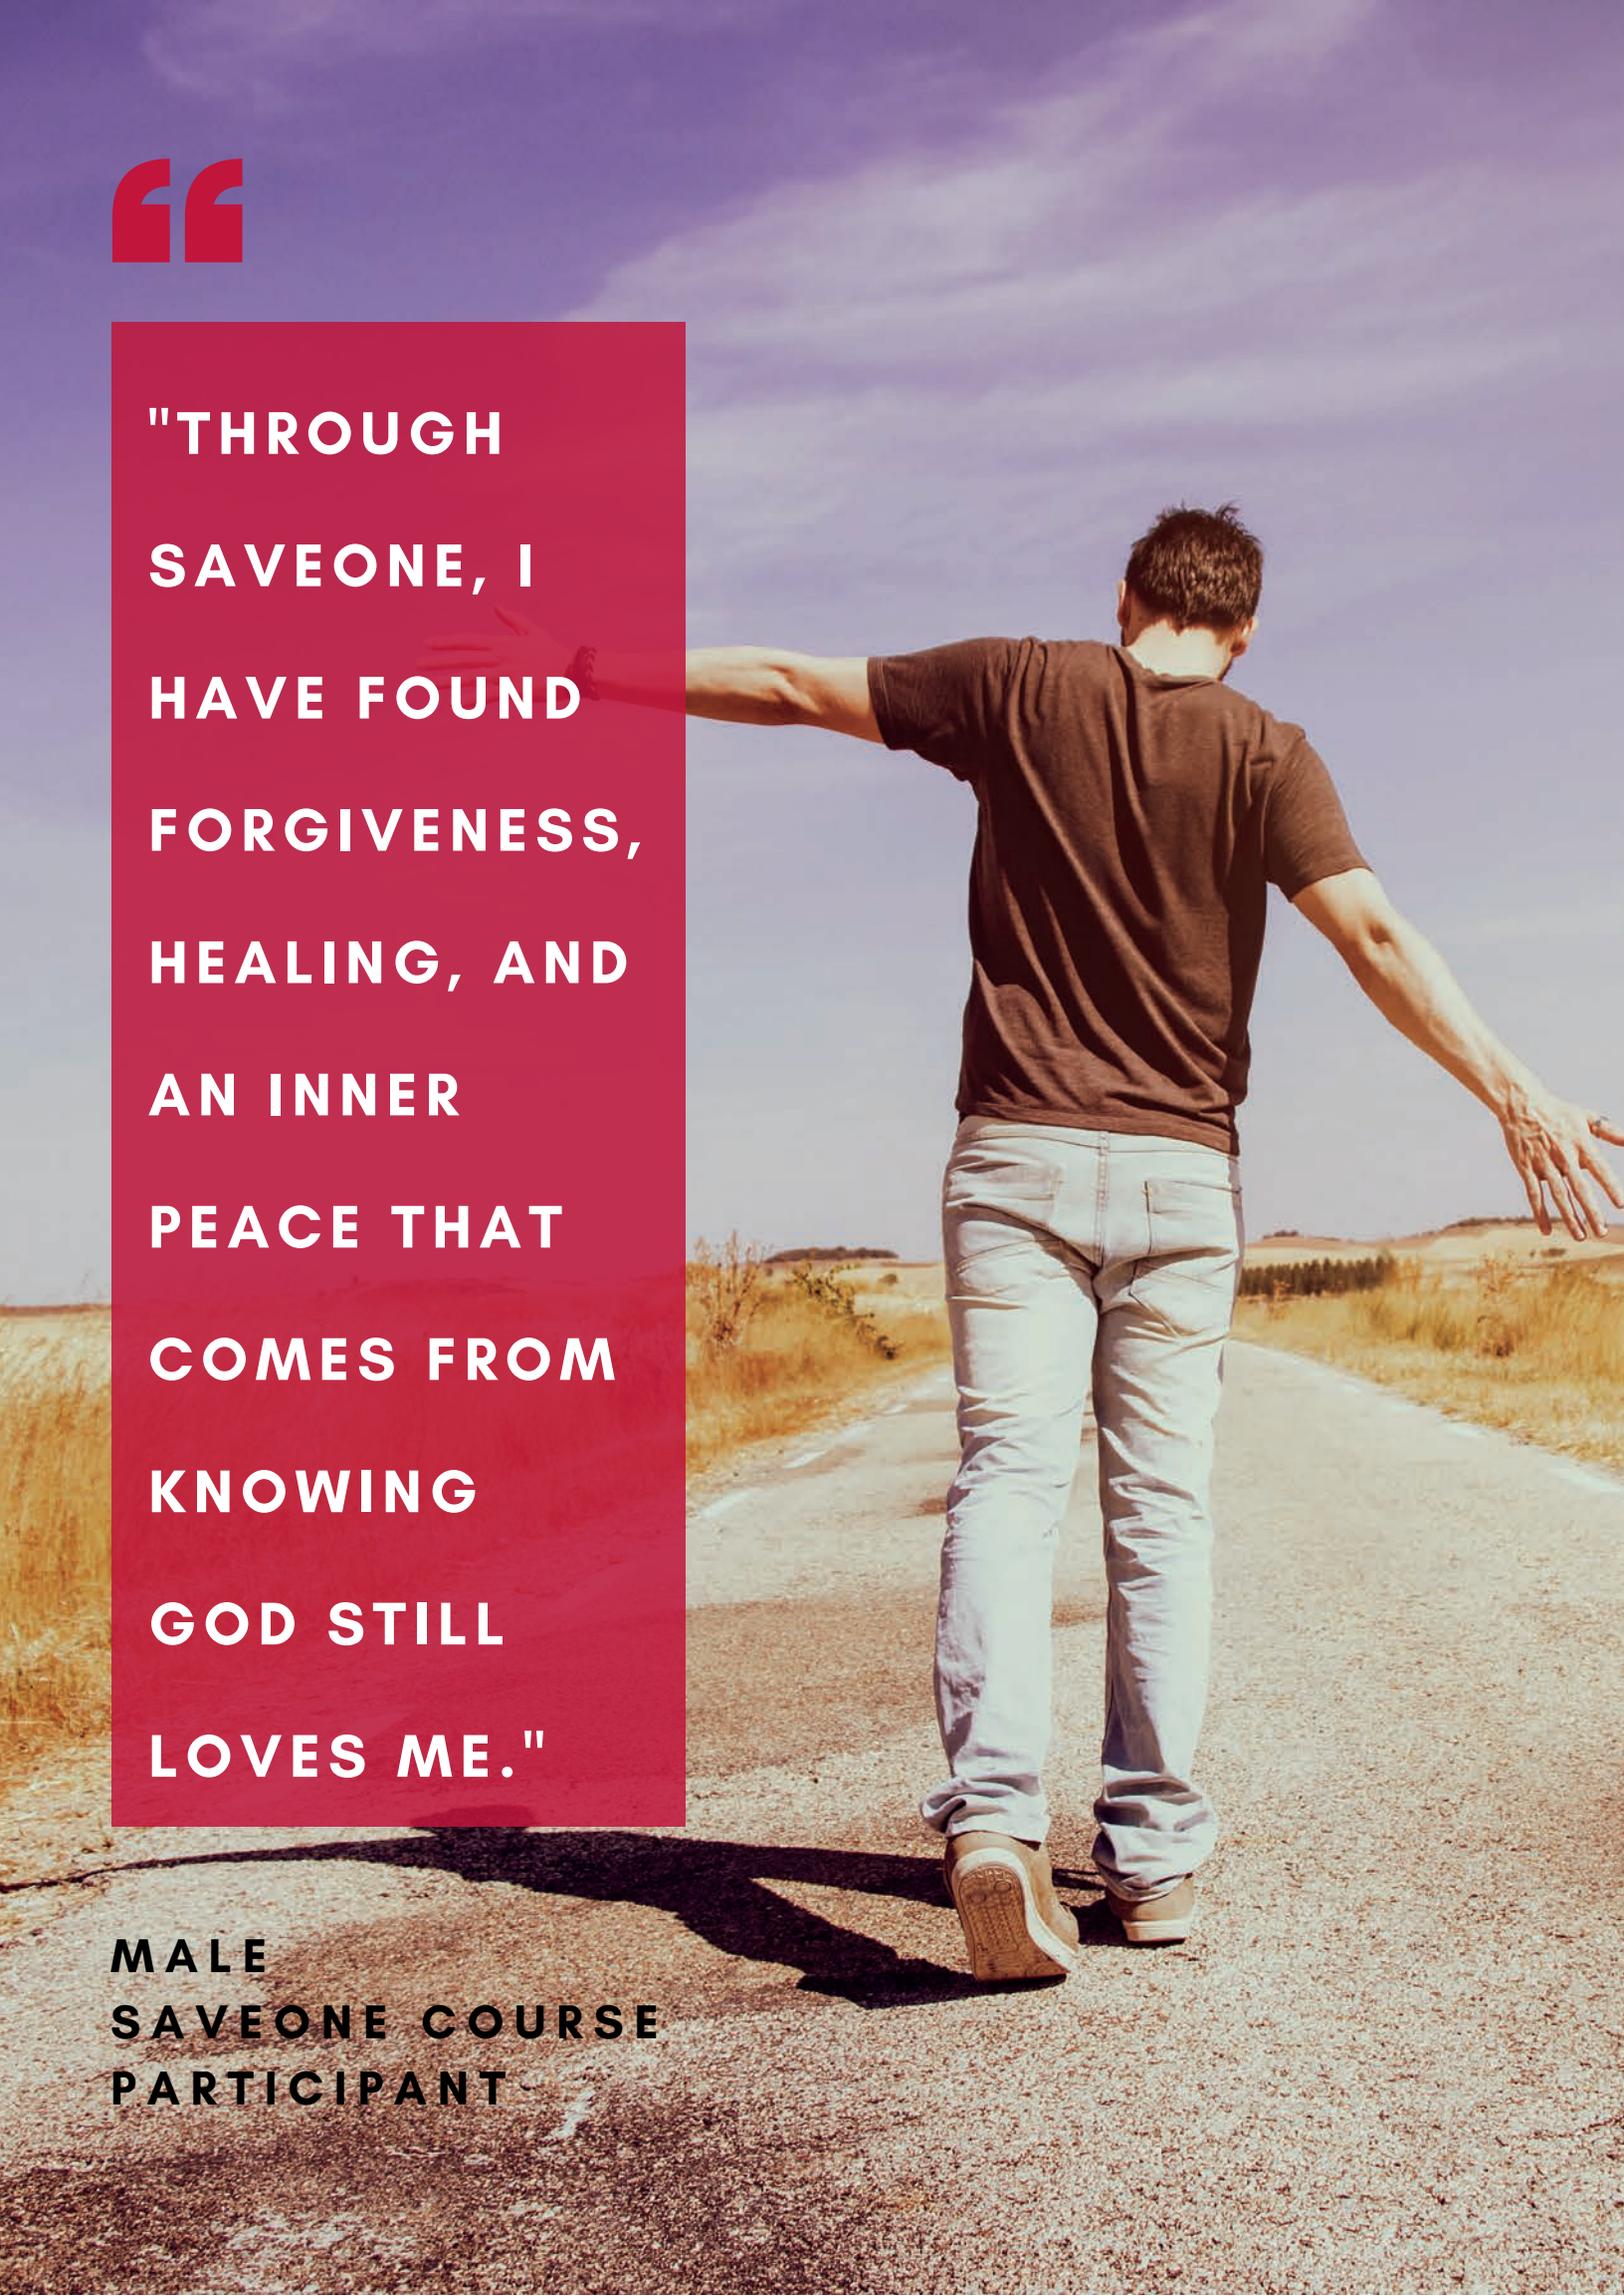

We offer healing and recovery courses for women and men after abortion. The duration of the course is 10 sessions of 2 hours each, conducted online or, where possible, in person.

Each recovery course is always led by a main leader and a co-leader to ensure the best possible support.

NEW RUNNING SHOES FOR ALL!

25 YEARS SAVEONE GLOBAL

Sheila and Jack Harper (USA), the Presidents of SaveOne, celebrated 25 years of SaveOne Global together with their team in Nashville, Tennessee, this October. Around 100 guests and outstanding speakers joined the celebration.

We were there as well and would love to share a few photos to give you a glimpse into this wonderful celebration.

Every team member **received a new pair of running shoes**. This was meant to be a prophetic declaration for continued multiplication.

We are continuing to run with our teams in Europe!

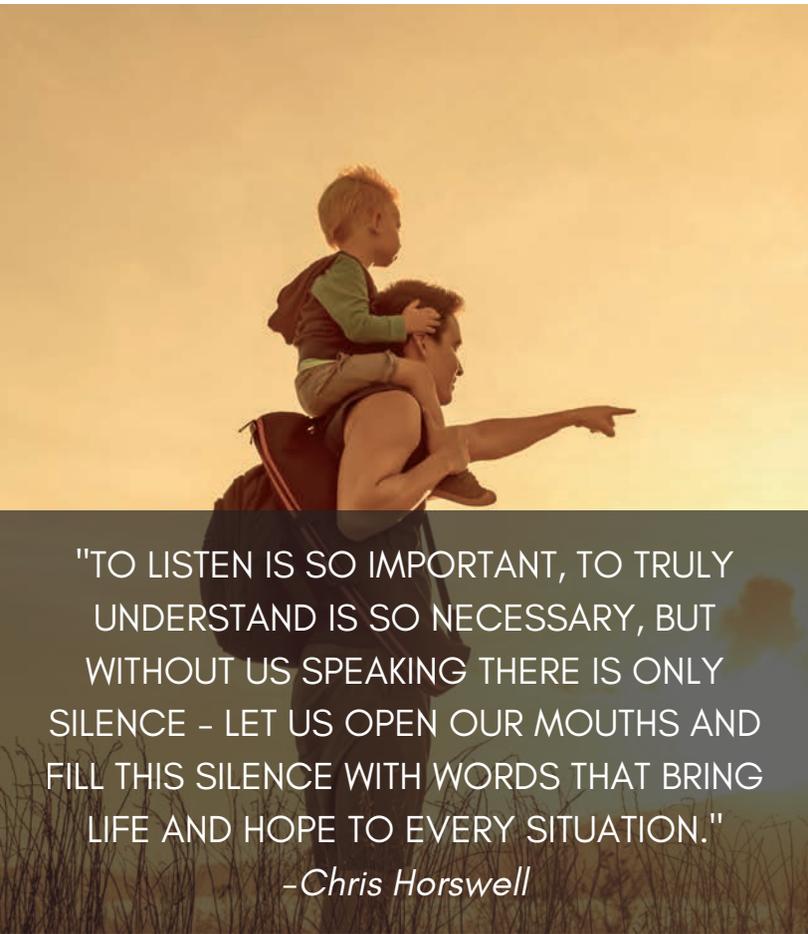

UPDATE MEN'S MINISTRY

The increased international engagement over the past year has once again brought the challenges faced by men into the public spotlight. For example, cooperation with the pro-life organization **Schreeuw om leven (Cry for Life) in the Netherlands**, led by ethicist Arthur Alderliesten – organizer of the March for Life in The Hague and author of *Men, Unplanned Pregnancy, and Abortion* – has been strengthened.

There was also an opportunity to broadcast additional interviews with Sonja and myself on **PAX TV in Hungary**. Participating in the **"Together for Life" conference of the Balkan Network** in Nikšić, Montenegro, allowed me to exchange ideas with leaders and international guests about the visionary and practical work being done to protect unborn life in Europe, as well as about support and care after abortion in a country where such services are scarcely available.

Celebrating the 25th anniversary of SaveOne worldwide was a particularly meaningful moment for me. It underscored once again that the debate about life itself and the value of human life is truly a global issue – one in which we in Europe stand together for life.

Thank you sincerely for your continued commitment and support.

Goals for the Men's Work

- Discuss in open everyday situations the issues surrounding abortion and its consequences across Europe.
- Focus attention on what the sanctity of human life means for us individually using the Roe vs Wade debate in the USA as a catalyst.
- Provide effective support and help for men affected by an abortion decision.
- Be real about life.

"Behind every abortion is a father who loses his fatherhood. This is true even when the child was unplanned or unwanted. It is a real and heartbreaking loss that touches every man deeply. Let us continue to offer them life and hope."

Pastor Chris Horswell

"TO LISTEN IS SO IMPORTANT, TO TRULY UNDERSTAND IS SO NECESSARY, BUT WITHOUT US SPEAKING THERE IS ONLY SILENCE - LET US OPEN OUR MOUTHS AND FILL THIS SILENCE WITH WORDS THAT BRING LIFE AND HOPE TO EVERY SITUATION."

-Chris Horswell

Numbers and Facts on Sexual Violence in Austria

In **Austria**, around 24 percent of all women between the ages of 18 and 74 have experienced at least one form of sexual violence, either within or outside intimate partnerships (as of 2024). This corresponds to **roughly one in four women**. Among young people (ages 16-25), 19.5 percent of women and 7.6 percent of men report experiences of sexual violence from the age of 16 onward.

In 2024, a total of 86,205 violent offenses were reported in Austria. This represents a slight increase of one percent compared to 2023, when 85,374 reports were filed.

In 2023, approximately 1,296 rapes (§201 StGB), including attempted rapes, were reported in Austria. Of these, 1,229 victims were women (95 percent) and 67 were men (5 percent).

ANNUAL REVIEW 2025

JANUARY

This month, SaveOne Europe completed the German translation of the workbook **Finding YOU - Restoring Identity After Sexual Abuse** by **Sheila Harper**. Finding YOU is an excellent Bible study and a powerful tool for healing after sexual trauma or abuse, suitable for individuals, churches, and small groups. We are currently developing training materials and preparing to train course facilitators. We are also working on a Finding YOU webpage:

www.saveoneeurope.org/finding-you

A preview of our Film documentary "Let's Talk" on **Bibel TV** is showing on 2nd October 25

FEBRUARY

Chris and Sonja were invited by **ProLife Europe** in Vienna to lead a SaveOne training session with around **20 young people** from various countries.
<https://prolifeeurope.org/de/>

Numerous **training days were held** via Zoom in both German and English, with the goal of equipping many new multipliers for this ministry throughout the year.

Our **monthly joint prayer meetings on Zoom** are an essential pillar of SaveOne, creating space for people to be saved, healed, and set free.

MARCH

Numerous recovery courses started this month. A one-day training session was held via Zoom—one in English and one in German. As a result, we gained wonderful **new young leaders from Norway.**

Sonja was invited to **Zurich by LIFE International Switzerland** to present SaveOne there. It was fantastic!

APRIL

We are also grateful that we were able to take part in the **Leadership Conference of LIFE Church and the Prophetic Balkan Conference with Urska Zagar**, where we had the opportunity to network and host a SaveOne booth.

MAY

The Parliamentary Prayer Breakfast in Vienna, including the reception the evening before at **the Hungarian Embassy**, was spectacular, and we were able to form wonderful new friendships.

We had meaningful conversations with H.E. Edit Szilágyiné Bátorfi, the Ambassador of Hungary in Vienna (photo bottom right). At the end of May, we were able to present SaveOne **at Wunderwerk church** with a personal testimony, and our amazing leader **Irmgard Henning-de Jong** invited people to join the current SaveOne recovery course.

JUNE

These **newly trained leaders from Austria, Scotland, and Croatia** have begun accompanying women and men after abortion and guiding them into the freedom they long for.

Chris Horswell was invited to the **Together for LIFE Conference in Montenegro** to network.

On June 15, we were invited to the **Ichthys Church in Wiener Neustadt** to present SaveOne together with testimonies. It was a very enriching time.

JULY

We are already planning for the **MEHR Conference in Augsburg** at the beginning of January 2026.

More than 10,000 visitors of all ages are expected, and around 50 booths will be present. We are also working on the "Get Together" for our **German-speaking leaders** in Burghausen, Germany, on September 13, 2025.

We expect around 21 participants. Our goal is to strengthen the vision and cultivate community.

AUGUST

August was a **time of rest** for Chris and Sonja Horswell. This month was very special, as they enthusiastically completed a **tandem skydive from 4,000 meters in Wels, Upper Austria** – including one minute of free fall at 200 km/h.

They also went on their first phenomenal **sailing trip together with friends along the Croatian coast**.

However, one day was set aside to get the **accounting in order** together with **Mag. Sonja Smutny a longstanding friend and support**.

SEPTEMBER

Gianna Jessen, who survived her own abortion, joined us in Vienna at our son's film studio. www.ppe.live. We recorded her story specifically for youth groups and deeply appreciated her clear words about relationships, sexuality, and abortion.

From September 13-14, we were in Burghausen, Germany, with 20 SaveOne leaders.

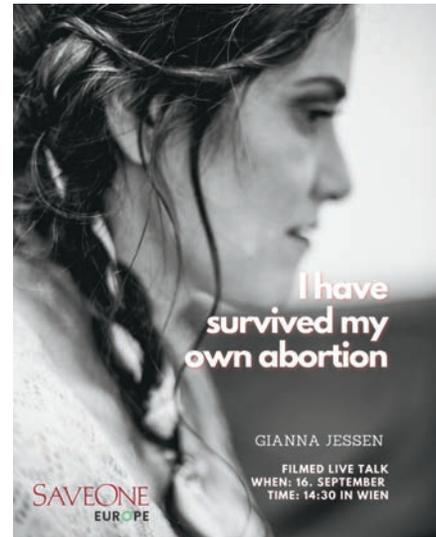

After the Covid years, it was important to finally experience personal fellowship and encouragement again.

We are grateful that Germany, Austria, and Switzerland were represented. God moved powerfully.

OCTOBER | NOVEMBER | DECEMBER

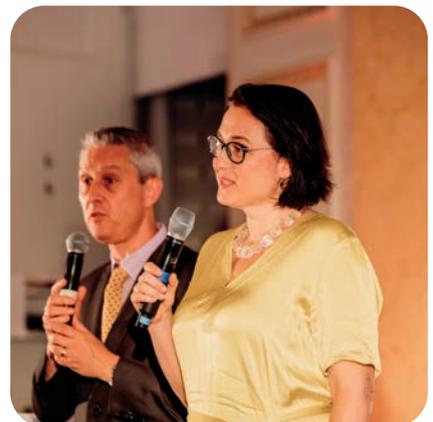

In September, we participated in the **"March for Life" in Zurich**, and in October we joined the **"March for Life" in Vienna**.

Sheila and Jack Harper (USA), the **founders of SaveOne Global**, celebrated 25 years of SaveOne from October 16-19 together with 100 guests and 400 locations worldwide. What an incredible celebration!! We were there as well and deeply appreciated the fellowship and the uplifting input. God is faithful! The entire SaveOne team wishes you a Merry Christmas!

STATEMENTS

Statement from Ass.-Prof. Dr. Wolfgang Machold (Austria)

“Abortion and its sometimes lifelong consequences are often covered under a veil of silence by society. The abortion industry’s claim that a post-traumatic stress disorder (=post abortion syndrome) caused by abortion doesn’t exist, does not change a women’s suffering. Sweeping it under the carpet and suppressing it into the unconscious tempt women in unplanned pregnancies to seek a way out of their situation by having an abortion.

SaveOne doesn’t only show the way out of long lasting emotional and physical distress and into healing and forgiveness. It also brings the potential ripple effects of an abortion into the light and can save women in unplanned pregnancies to make a fatal wrong decision.”

Statement by Gianni Gaeta, Lead Pastor of the LIFE Church Movement Austria

“SaveOne offers women and men who carry the weight and after-effects of an abortion the most effective healing process I know. Participants of a post-abortion recovery course can expect lasting healing and restoration. I recommend every affected person to make use of this program, and I encourage every pastor and church leader to offer SaveOne in their church or community.”

Statement by Assoc. Prof. Dr. Daniela Karall | Specialist in Pediatrics and Adolescent Medicine Subspecialties: Neonatology & Pediatric Intensive Care, Neuropediatrics

“Given the estimated 30,000–35,000 abortions we have in Austria each year compared to around 80,000 births, it is clear that this is not a marginal issue but one that affects many women. We must be aware that these women, who have experienced an abortion, truly live among us. For them, it is often very difficult to speak openly about what they went through or even to admit that the abortion did not remain without (physical and psychological) consequences. I am deeply grateful to SaveOne Europe for focusing on the support, accompaniment, and thus the healing of the post-traumatic stress that an abortion represents or can represent for these women. I greatly value the professional approach combined with the very personal, empathetic, and relationship-oriented way SaveOne Europe engages with each woman and her family. The contribution of SaveOne Europe to the restoration of those affected is invaluable for the well-being of our society.”

THE TEAM IN AUSTRIA

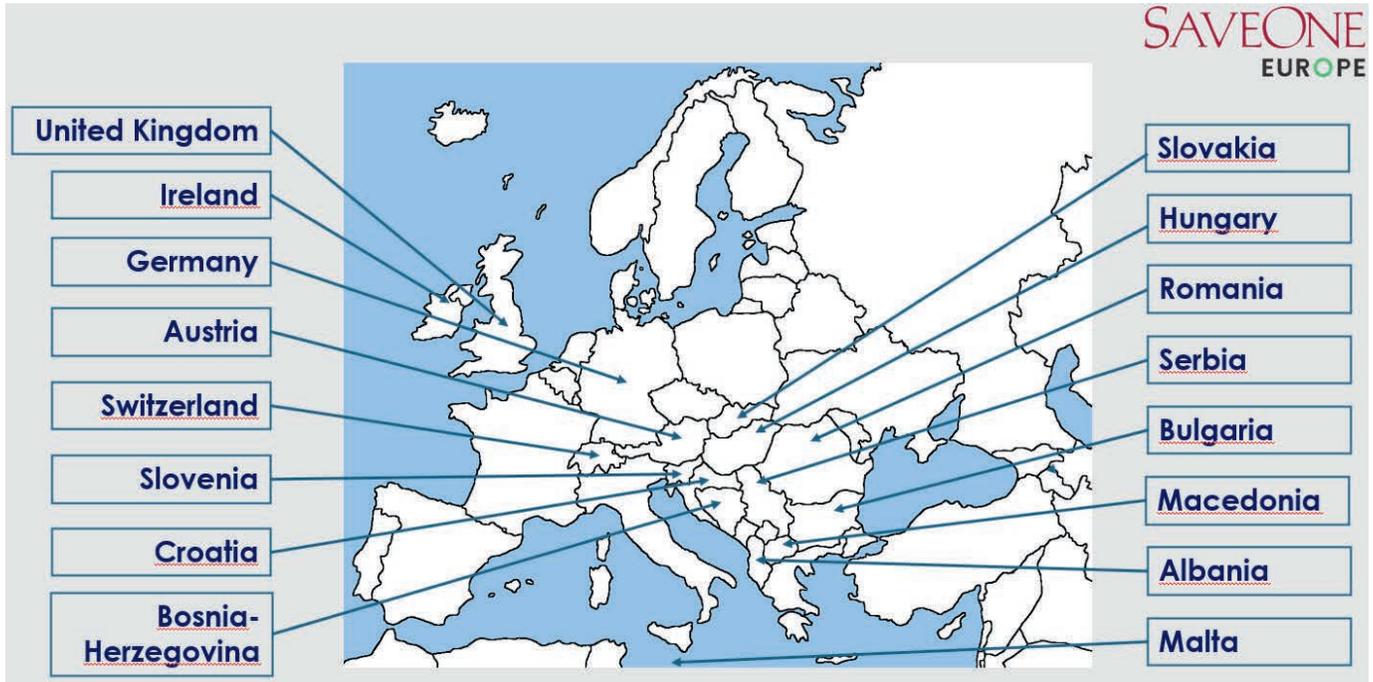

**WE ARE COMMITTED TO
RAISING UP HEALED
WOMEN AND MEN TO BE A
VOICE FOR THE SANCTITY
OF HUMAN LIFE,
BRINGING CLARITY AND
TRUTH, WITHOUT
CONDEMNATION, TO THE
NATION OF AUSTRIA.**

SONJA HORSWELL

The team in Austria continues to bring the message of hope and healing after an abortion to men and women in Austria.

Though at times we face opposition, we cannot and will not be inactive in our own nation. We will continue to inform, encourage, share, reach out, train, and accompany and bring people into a new place of healing, recovery and freedom. Thank you Jesus!

THE TEAM IN EUROPE

EACH SAVEONE EUROPE PARTNER FAITHFULLY CARRIES THE MESSAGE OF HOPE AND RESTORATION AFTER AN ABORTION THROUGH JESUS CHRIST TO THEIR NATION!

We are so **honored to partner** with such dedicated individuals and organizations. People whose **hearts are moved** by the plight of their own nations and are standing up to take steps to bring about change! Despite the many challenges, **they do not give up** and continue moving forward. They are a true inspiration! True followers of Christ.

This year the team throughout Europe helped around **400 women and men** recover after an abortion, held **10 SaveOne online trainings** with **50 new leaders**, and finished **2 book translations**.

We will continue to **promote and help course leaders to get started** wherever we can and are so thankful for the generosity of our supporters.

2025 - Choose Life had a very fruitful year.

This was especially true for SaveOne, as it was the area we focused on the most. We introduced a guideline stating that anyone who wants to lead a group or serve as an assistant leader must meet three requirements: complete the training, complete the healing program, and be willing to have mentors. This proved to be a very effective way to bring structure and clarity. **Here are the numbers:**

Finding You: • 10 people participated in person across two groups • 1 person received individual support • 1 woman and 1 man completed the training independently • Two women paused due to their current life circumstances but will continue next year

SaveOne: • 4 people participated in person • 1 woman withdrew from individual sessions

Training for new leaders: A total of 26 people in Zagreb and 8 people in Dalmatia completed the group leader training, coming from 12 different churches.

It was truly a successful year, and we are deeply grateful to God in humility. All glory to Him!

STATEMENTS FROM SAVEONE COURSE PARTICIPANTS

“After the abortion, my nightmare began. I tried everything, and it feels like it has already cost me a fortune. I was coerced into the abortion by my ex-partner and threatened with murder; he also threatened to take his own life if I didn’t go through with it. He left me no choice, even though I would have given up everything financially. Inside, I was dead. I had every symptom imaginable – from nightmares to suicidal thoughts. By chance, I came across SaveOne and completed the recovery course. During the course, there were emotionally difficult confrontations, but I also noticed positive changes and how my presence toward other people began to shift again. I regained my inner radiance and can feel life again. Thank you for everything.”

MARINA | 26 | AUSTRIA

Here is my feedback on what the Lord did for me during the SaveOne recovery course: “I perceive children completely differently than before – I respond with love and interest, and that is new and beautiful. Before, they mostly felt like a burden to me. I feel as though my entire personality is beginning to change; I am calmer, more confident, no longer so driven. I also feel a renewed desire to work with children professionally – something I had always wanted but never pursued. A great deal of pain was healed by Jesus. The SaveOne course is simply wonderful. The way it is structured – working through the topics of shame, disgrace, guilt, and forgiveness – was life-changing for me, as well as the image of God and His love. I praise and glorify the Lord for leading me to SaveOne and walking through this with me. Thank you, Jesus, and thank you to my leader Christine.”

BEATRIX | 50 | AUSTRIA

“At 22, I became pregnant for the second time. At that point, I was not in a committed relationship, and the father did not want the child. I was afraid I wouldn’t be able to manage everything on my own. I was still in training and already had a full day caring for our daughter. After the abortion, the horror began. I couldn’t laugh anymore and was tormented by obsessive thoughts that I might still be pregnant. My mind revolved only around the baby I could no longer bring back to life. After half a year, I went to a pastoral counselor, and during prayer I experienced deliverance – I felt God forgive me. She also gave me the contact information of a SaveOne course leader, with whom I was able to complete this wonderful recovery course. I chose Jesus, and for the past three years I have had a wonderful husband and three children.”
